

## THE 13TH FRAME

September 2015

Welcome to another edition of the 13th frame. There's been no shortage of action over the last couple of months headlined by the sports' bid for inclusion in the 2020 Olympics.

Last month Jason Belmonte went to Japan where he was an integral part of the bid for bowling to be included in the [2020 Olympics](#). Belmo was one of eight delegates representing World Bowling who met with the Japanese Olympic Committee (JOC) to explain how the sports inclusion in the world's biggest sporting event will benefit not only Japan but the games as a whole. This attracted plenty of media attention and you may have seen Belmo on programs such as 'The Panel' and 'Fox Sports'.

In other international news, our World Senior Championships team have returned from Las Vegas after some amazing achievements. Overall Australia won two Gold, one Silver and three Bronze medals. In an exciting finish to the Championship, Andrew Frawley won Gold in the Masters defeating American Lennie Boresh in the final. Frawley also won Gold in the Singles. Read about their great achievements [here](#).

Closer to home, TBA is excited to announce its new automated awards system where league bowlers in participating centres can claim awards by simply clicking a button. We have been working hard to try and increase the benefits for members. With our new software, bowlers are notified automatically by email when they win an award and claiming them has never been easier. Find out how [here](#).

This year tenpin bowling was included in the Australian Sports Commissions Sporting School program which was officially launched in term 3. The program has been a great success for the sport with over 70 schools and 1,600 students participating from all over Australia. Read more [here](#).

Some of the other highlights in this edition include:

- Jason Belmonte adds the 2015 '[Best Bowler](#)' ESPY to his growing list of achievements
- Sam Cooley wins 2015 [ABF Tour Hong Kong](#)
- All the results from the [16th Asian School Championships](#)
